DEMAND J. W. BRADLEY'S CELEBRATED PATENT DUPLEX ELLIPTIC (OR DOUBLE SPRING)

SKIRT.

THE WONDERFUL FLEXIBILITY and great COMFORT and PLEASURE to any lady wearing the DUPLEX ELLIPTIC SKIRT will be experienced particularly in all crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress, an invaluable quality in crinoline, not found in any Single Spring Skirt.

A lady having enjoyed the PLEASURE, COMFORT, and great CONVENIENCE of wearing the DUPLEX ELLIPTIC STEEL SPRING SKIRT for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

They will not bend or break like the Single Spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown aside as useless. The Hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered, preventing them from wearing out when dragging down steps, stairs, &c.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the STANDARD SKIRT OF THE FASHIONABLE WORLD.

To enjoy the following inestimable advantages in Crinoline, viz: superior quality, perfect manufacture, stylish shape, finish, flexibility, durability, comfort and economy, enquire for J. W. Bradley's Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.

CAUTION.—To guard against IMPOSITION be particular to NOTICE the skirts offered as "DUPLEX" have the red ink stamp, viz: "J. W. Bradley's Duplex Elliptic Steel Springs," upon the waistband—none others are genuine. Also Notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength; and a combination not to be found in any other skirt.

FOR SALE in all Stores where FIRST CLASS skirts are sold throughout the United States and elsewhere.

Manufactured by the Sole Owners of the Patent, WESTS, BRADLEY & CARY, 97 Chambers & 79 & 81 Reade Sts., N. Y.

PUBLIC OFFICERS,

Congressional, Legislative, Judicial, County, &c., from 1800 to 1867.

In the winter of 1855-6 we made up and published a list of the persons who had been appointed or elected to office, in this county from the time of its formation, in 1800. The work involved much labor and research, even requiring considerable correspondence out of the county; but under the belief that it would prove interesting in that "day and generation," as well as be a matter for preservation and reference, the task was cheerfully performed.

Since the publication of the list however, many copies of the COMPILER containing it have been lost. To supply the want felt and frequently expressed in consequence of such loss, it is now re-published, with the additions which the intervening time has necessarily created. We need hardly advise all our patrons to preserve this issue of the paper, embracing, as it does, in a small compass, an amount of local history which would fill a volume gotten up in general book style. The list, as annexed, is believed to be correct. There are certainly few points, if any, open to question in it.

GETTYSBURG.

Monday Morning, June [illegible]

FOR JUDGE OF THE SUPREME COURT,
HON. GEORGE SHARSWOOD.

OUR FINANCES.

Secretary McCulloch has [illegible] by the solid men of Boston to [illegible] city and help them out a [illegible] Secretary declines, for [illegible] The finances are not so flo[illegible] could wish—in fact, not a[illegible] there is great danger that [illegible] debt will be increased [illegible] sened during the six [illegible] ning with the past May. [illegible] Chase, burnt its candle [illegible] cus down taxes with on[illegible] enormous appropriations w[illegible] hence the Treasury is not [illegible] Secretary Boutwell [illegible] McCulloch says he is "not [illegible] end to our future."

Attorney General [illegible] given an opinion upon t[illegible] the Military Governors h[illegible] He holds that the militar[illegible] are to act only in co-opera[illegible] Courts in preserving orde[illegible] cases of extended riots or g[illegible] rection. He emphatically [illegible] they have the right to remo[illegible] ertors or officials. The Cub[illegible] these views, as does every g[illegible] of liberty and law in the lan[illegible]

From every portion o[illegible] we have received accounts of the enthusiasm which has been created by the nomination of the Hon. George Sharswood for the Supreme Bench. The Democratic candidate is known throughout the Commonwealth as an accomplished scholar, an able jurist, and an honest man; Hundreds will vote for him who never before voted the Democratic ticket, because they feel that in electing him they will have an upright Judge.

The Radical press are decidedly hard to please in the matter of the Democratic platform. To one it is too short; another finds it too long; a third says it is barren; a fourth declares it expresses too much; a fifth objects to it because it does not contain a puff of the President; a sixth discovers no patriotism or piety in it; and sundry others object to it because it is "the same old song about a violated Constitution and negro suffrage." On the whole, we guess it will suit the *white* men of Pennsylvania.

The Cincinnati *Commercial*, a radical print, confesses that—"In the worst days of Democratic rule, the city government was not more profligately administered, than it is now." The Philadelphia *Herald* declares that "under the present Radical administration in our city, there have been more murders and other crimes—some of them nameless—than ever before." And yet the leaders of the Radical party hypocritically pretend to combine all the purity and patriotism of the country within themselves, and have the effrontery to ask the people to keep them in office and power.

The New York *Sun* thinks that at no period within the last ten years have there been so many unemployed workmen in that city as there are at the present time. What is true of New York is equally true of every other part of the country. Why? Let the legislation of the Radical Congress answer.

The telegraph announces that the Rebel General James Longstreet was one of the Vice Presidents of the Radical meeting lately addressed in New Orleans by Senator Wilson. Disunionists will flock together. A pretty mixture the "Republican" party is getting to be—Abolitionists, Rebels and Niggers!

Johnson, we verily believe, would pardon the devil if he had a chance.—*Lewistown Gazette.*

And the Republican party would *hang* every man who differs from them in opinion, if they had a chance. If Johnson errs, it is in Christian charity and kindheartedness; but the opposite is the spirit that seems to actuate most Republicans, namely, unreasoning hate and malignity.

The Radicals claim that *Jeff. Davis* has triumphed at last, and it does look like it. He undertook to take the Southern States out of the Union, and did not quite succeed. The Radicals took up the work, and completed it. The Southern States are out of the Union. Davis and the Radicals have triumphed at last.

A profound thinker and brilliant orator, twenty years ago, said that it would yet be written over the graves of our institutions: "Here lies a nation which, in order to give freedom to three millions of slaves, lost the freedom of thirty millions."

At a recent jointly held meeting in Tennessee, the Democratic speaker, Etheridge, was presented with a bouquet by a white lady. The Radical speaker, Maynard, was similarly honored by a black—lady.

Pennsylvania is to go for the Democrats at the next election. So said Thaddeus Stevens, the "great Commoner," when he was mad over Cameron's success.

If there is a prospect of the Congressional Committee getting scalped, Mr. Quilp thinks it would be a good investment for the country to pay the expenses of their Western tour.

Bulwer wrote truly that "The worst sign for man is when, in despair of the physician, he calls in the quack; the worst sign for the State is when it dismisses the statesman to trust in the demagogue."

President Johnson is now on a visit to Boston, to be present at the dedication of a new Masonic Temple.

Hon. Isaac Newton, Commissioner of Agriculture, died on Wednesday last.

It now seems certain that Congress will re-assemble in July. God save the country!

AN OVER-EXCITED RAD

Thad Stevens is out in another a weekly public infliction, by t[illegible] It is addressed to Forney's *C*[illegible] and is intended to stir up a me[illegible] the Rump Congress for the first [illegible] to meet the Opinion of the [illegible] General upon the Satrap Ac[illegible] following is the concluding por[illegible] the gist of the document:

"The Attorney General has r[illegible] right to interfere than the Presid[illegible] to reconstruct, which pretens[illegible] gress has settled, since it has [illegible] judged that the conquered State[illegible] be treated as subdued territory. [illegible] he rebuilt without reference to th[illegible] mer condition, by the legislativ[illegible] alone. It is to be supposed th[illegible] gress alone is to be appealed to [illegible] of difficulty. It is true that the[illegible] ney General is too good a lawyer [illegible] tend to act under the Constitutio[illegible] is well decided that admittin[illegible] States, and of course rebuildin[illegible] quered territory, does not come [illegible] the provisions of that instrumen[illegible] opinion is just as good as any oth[illegible] lawyer's, and no better. It will be perceived that he ign[illegible] the office of Attorney General com[illegible] ly in the person of Mr. Stanbery [illegible] claims for "Congress" the right to [illegible] pret as well as pass bills. A[illegible] ing to his notion of things, "Cong[illegible] is Congress, President, Supreme C[illegible] the Cabinet, the Attorney Genera[illegible] Bureau of Military Justice, the N[illegible] Bureau and the People. It is high[illegible] to put the old lunatic inside a st[illegible] jacket.—*Patriot & Union.*

MILITARY DESPOTISM LAW

Hon. Robert J. Walker, in the M[illegible] sippi case, before the United Stat[illegible] preme Court, thus denounced the [illegible] ry Despotism Acts:

"It was an act without a par[illegible] history, extending martial law o[illegible] 000,000 of people, loyal and dislo[illegible] all races and colors, vesting unli[illegible] power in a military satrap, subst[illegible] the glimmering sword and the gli[illegible] bayonet for the judicial tribuna[illegible] lays the axe to the root of the e[illegible] franchise. It extends the right [illegible] frage to three or four millions of [illegible] excluded by the State Constitution [illegible] excludes tens of thousands, by cl[illegible] tions, who are entitled to it und[illegible] State Constitutions. He had t[illegible] through Egypt, Syria, Turkey i[illegible] and Turkey in Europe, and the[illegible] of miles through Russia, and th[illegible] no such despotism in Africa, or [illegible] Turkey, or Russia, as that whi[illegible] established by these acts. They [illegible] courts of some description, and [illegible] a hearing and opportunity of d[illegible] The sword was not the only arbi[illegible] here an act of Congress swept ten[illegible] out of existence, reduced them to [illegible] than territorial bondage, and subj[illegible] every one of them, ten millions [illegible] ple, of all ages, sexes and colors, t[illegible] despotic will of a military commander

Forney's *Press* is in ecstacies o[illegible] the devilish doings of the milit[illegible] traps down South, and exclaims:

"Behold the power of the peop[illegible] let our enemies know that we w[illegible] act after act to meet every new sel[illegible] dogma until trouble is over and th[illegible] try quiet."

Instead of "power of the people," would it not have been more appropriate to have said "power of the bayonet?" The man who can rejoice over the position our country now occupies, and commend the brutalities and infamies of the satraps, is a craven at heart and a "little creature" in every respect. As to the threat that the country is to be annoyed and disgraced by other radical acts of Congress, we say, Bring them on! The people have their eyes steadily fixed upon the Radical Jacobins, and a few more steps toward anarchy and disunion, will make the yeomanry of the country ripe for retaliation. Go on, then, "blockheads," in your career of crime and wickedness, and thus bring on the crisis which is sure to come sooner or later.—*Carlisle Volunteer.*

Forney says: "The Democratic party has survived a series of unutterable calamities." It has so; even the existence of Forney.

Mr. Turner is about commencing work on the Preparatory building.

TOWN AND COUNTY AFFAIRS.

List of Public Officers.—*Interesting Local History.*—We give on our first page a list of Public Officers in this county from 1800 to 1867, which cannot fail to prove acceptable to our readers. The getting up of the list involved much time and labor, but nothing to be compared with the amount of satisfaction it will afford the public as a matter of reference for years to come. Presuming that others would look upon it in the same light, we have printed a number of extra copies of this issue to supply a demand which it is thought will be generated. Price five cents per copy. "First come first served."

Visit of Gen. Grant.—Lieut. Gen. Grant visited Gettysburg on Thursday last, arriving on a special train in the forenoon. His coming created quite a stir. Hundreds of people congregating at the Railroad Station to get an early look at him. He was escorted to the residence of David Wills, Esq., whose guest he was during his stay in our midst. There were loud and repeated calls for the General, but he responded with characteristic silence. Gov. Geary, who had arrived the same day, responded at once to the calls for him, but it would have been more to his credit if he had not said anything.

Gen. Grant, with Gen. Crawford, Gen. Meade, and others, visited the battle-fields towards evening, and again in the morning. The party left on the Friday morning train.

On Thursday evening Gen. Grant was entertained by the National Cemetery Association with a fine dinner at McClellan's Hotel, where he was also serenaded by the Gettysburg Cornet Band. He was the object of many other attentions, all of which he seemed to receive with due appreciation. The flags of the town were out in honor of his presence, and many persons from this and adjoining counties came to see and take him by the hand.

Sad and Fatal Accident.—We regret with much regret a fatal accident which befell Charles Miller, son of Mr. Solomon Miller, residing near Rock Hill, in Cumberland township, on Monday last. Whilst returning from Arendtsville, young Miller, with several other boys, all on horseback, started off at a rapid pace. The colt he was riding became unmanagable, and running against a wagon, threw him violently to the ground—the animal falling on him. He was taken up in an insensible condition, and continued in that state until Friday morning, when death ensued. He was a lad of 15 or 16 years of age, and only son. The parents and sisters have the sympathies of the community in their deep affliction.

Fatal Accident.—On Friday week one of the workmen at the Ore Bank near Littlestown, named John Appleton, met with a fatal accident. He was one of the night hands, and in going off duty, at 6 o'clock in the morning, stepped aside to examine a trifling break in the machinery, when his outer garment caught between the cog-wheels of the gearing, drawing him in and crushing and mangling his body most horribly. His right arm was crushed from its socket, and his head dreadfully lacerated. He lived about four hours after the accident. His remains were interred in the German Reformed burying-ground at Christ Church on Saturday following. Chamberlain was an Englishman, and leaves a wife and two children, yet in England, to whom upon the ocean, as he recently sent money home to bring them to this country. Truly a sad casualty.

Normal School.—Superintendent Cooper's Normal School will close on Friday next, on which day a public examination will be had. The School has proven a decided success, and the exercises will no doubt be interesting. The School will be resumed after an intermission of about six weeks. It is hoped to be again largely attended.

Commencement.—The Annual Commencement at Mount St. Mary's College, Emmitsburg, will take place on Wednesday next—exercises to begin at 10 o'clock, A. M. A large attendance of ladies and gentlemen will, of course, grace the interesting occasion.

Dinners and Suppers.—The ladies connected with the Catholic Church at Gettysburg intend getting up dinners and suppers, in St. Vincent's Hall, on Tuesday and Thursday next, and intend to go towards erecting a steeple to the Church. As the Commencement of St. Mary's and St. Joseph's College on the days mentioned, no doubt that many of the ladies will avail themselves of this an[illegible]

We know that the ladies have matter in charge thoroughly understand the preparation of *first class* refreshments, and promise that their good [illegible] culinary art will suffer no disc[illegible] on Tuesday and Thursday next.

Memorial Church.—A meeting relative to the erection, here, of a Memorial Church, was held in the Court-house on Thursday evening. Gov. Geary presided, and Rev. B. H. Crever, Pres[illegible] of this M. E. district, made a few remarks of the evening, explaining the purpose of the meeting, the kind of church to be built, and the manner in which it is contemplated to raise the necessary funds. Gen. Grant occupied a seat on the platform, and was of course observed of all observers.

Assistant-House Treasurer.—Mr. Jacob [illegible] has been appointed Treasurer by the Directors of the Poor, in place of C[illegible] Hafferty, resigned, whose business [illegible] (selling) requires his almost constant absence from the county. Mr. [illegible] will make a first-rate officer.

Road Bridges.—Capt. Mellorly has had the railroad bridge across Rock Creek rebuilt. The bridges across Rock and Swift Run were rebuilt last summer. The bridges on the Gettysburg Railroad are therefore now all strong, and give the utmost assurance of safety to the traveling community. The Railroad is doing a good business, and is excellently managed by Capt. McCurdy.

Joseph Spangler has purchased the property of the late Abraham Rebert, in Mountpleasant township—32 acres—for $8,400 cash.

The Johns Family.—*Fifty Millions in Store for them.*—We clip from a western paper that an immense property has been left to the different heirs of the Johns family, a wealthy house in Wales, many of whom reside in this country. In the paper before us, the history of this mammoth legacy is given as follows:

As we have been informed, two brothers formerly lived in Wales, of the name of Johns. One of them sold his property and removed to this country about three or four generations since. The other though desirous to accompany him was unable to dispose of his property advantageously, and was thus compelled to remain. The property of this thrifty manufacturer is the legacy, or bequest whatever it may be, that is now awaiting the legal claimants, and is said now to be valued at $80,000,000. It is invested in manufactures, but those from whom it is due are ready to pay it over at any time, and it is stated that the whole amount could be realized within sixty days from the establishment of their titles.

A meeting of the heirs was called in Cincinnati on the 21st of April last, but on account of the smallness of the attendance, it was adjourned to the 12th of May, at Dayton, Ohio. The latter meeting fully attended, about one hundred and fifty reputed heirs to the estate having been present. Mr. Jesse Johns, of Pennsylvania, this county, was among the number representing the heirs of Thomas Johns, deceased, the father of Jonas, Jesse, Potter, Gibson, William, Howard, Lit[illegible] Sarah and Elizabeth.

Of course it cannot as yet be known what will be the portion of each individual or family, but $80,000,000 will be among a large crowd and give a fair some portion to each. Measures have been taken to produce the requisite proofs, and to distribute the money among the waiting heirs.

So far as those we are acquainted with are concerned, they are deserving of good luck, are honest, industrious families, on whom the burden of a bequest would sit easily, would be thoroughly appreciated, and well deserved. We congratulate them on their good fortune, and hope they will be able to enter upon its possession.

Town Improvements.—Mr. [illegible] Overdeer has in course of erection a two-story brick building, for store and dwelling, on Baltimore street; Mr. [illegible] Feistle a two-story frame dwelling on Breckenridge street; Dr. T. T. [illegible] two-story frame dwelling on Chambersburg street; Dr. N. Weaver a two-story frame dwelling on Chambersburg street; and Mr. George Stallsmith a two-story double frame house near the corner of York and East streets. Major Jacob Sanders has had a store building erected on his lot, in York street, and Ex-Sheriff Wolf has had the store building adjoining the Globe Inn, also on York street, raised and much improved. There are many other improvements in progress, all going to show that our town has taken a vigorous step in the march of improvement.

Littlestown Improvements.—The new Lutheran Church in Littlestown is nearly completed. It is a very fine edifice, and has capacity for seating five hundred people comfortably. There is upon it a steeple one hundred and forty-five feet high, graceful and handsome, and ornamented.

Mr. W. Yount has in progress a three-story brick house. Mr. W. F. Crouse is preparing to build one equally large, and J. Henry Rieker is raising and beautifying the dwelling formerly belonging to the Long's, adjoining the new Church. The Littlestown Railroad Company is building a car house and ticket office. Mr. Pius Fink has recently completed a large brick dwelling in a commanding location, near the depot. There is no halt in the onward progress of Littlestown.

Indian Relic.—Mr. D. S. Cook has in his possession as a relic of the "olden time," a stone hatchet, of stone, as perfect, we presume, as almost as the day it was cut and shaped by the hand of its dusky owner. The instrument or implement is 7 inches long, 3¾ and was made of a river stone. It is rather a blunt point, the bit being ground or rubbed down to a very respectable edge, and the sides deeply scored for the fastening of the handle. If this relic could speak, what a tale of the past might unfold to us in regard to our own neighborhood. This relic was found on the property of the Wrightsville Land Company, close to the foundation of a large stack.—*Wrightsville Star.*

We have now in our office an Indian hatchet precisely like the above described, it being a little upward of [illegible] inches. It was found near Gettysburg two years ago—and is certainly a very interesting relic. What it was, we cannot conjecture, but it is a very big hatchet, it is said, as reported by some "big Injun."

Stolen.—A valuable mare belonging to John Hartman, at Munday's Mill, was stolen on Thursday night last. She is described as heavy set, 7 years old, with a scar or spot on her left hind hoof; branded U S on the left shoulder, and C under the mane. The Adams County Insurance Company offers $200 for the thief and $25 for the mare. Mr. Hartman offers $25 for the mare.

The Republican State Convention is to meet at Williamsport on Wednesday next. Wm. Wilds, of Straben, was appointed Representative delegate, and David Wortz, of Conowago, Senatorial, to the last Republican County Convention.

COMMUNICATED.

STANLEY, Esq.—Dear Sir:—At the request of a neighbor, I send you the enclosed letter, which had been sent to the Fishers of the *Star*, in relation to the manage question, which appears to be the minds of a great many persons in this section. Will you publish and give your light upon the subject, as he inquires the managers of the *Star* refuse to say anything about the matter? I trust this may receive a favorable response, at your hands, I am

Truly yours, &c., A. J. S.

UNION TOWNSHIP, June, 1867.

Dear Sir:—Believing the *Star* not only the true exponent of the Republican party, *but the interests of the citizens* of Adams county, I appeal to you in behalf of many of its most loyal inhabitants for an accurate statement of the position of the Damage question at the present session of our Legislature. I am a constant reader of the *Star*, and in vain have looked for the particulars in relation to the matter. Now in my mind there is something mystical in the doings of it, to me, important question. Have we been deceived by our own friends? At first it looks to me plausible. Last winter we elected our candidate, Mr. [illegible] to the Legislature with the implied understanding that he would use his influence in having the Damage bill passed. Well, the session came on and the session closed, and I believe no attention whatever was given to the passage of the bill. Last fall we made the issue again, and the election resulted in the defeat of Mr. Houck and the election of Mr. Heltzel, Dem. During the campaign it was asserted by the leaders of our party that Mr. Houck would oppose the passage of this bill. In relation to this we evidently were deceived, as I noticed sometime before the close of the last session that it was before the House by a very respectable majority, and as I have since ascertained Mr. Heltzel doing his utmost to have it passed, thereby furthering the interests of his constituents. For this, I think he be a Democrat, we owe him a debt of gratitude. How was it in the Senate? I want to know. We are told it was not brought up in that body. Can this be possible? Let the people know the facts in relation *to this question. By an impartial* view of this matter there is certainly something wrong. I repeat, can it be that we were deceived in Mr. Houck and Mr. McConaughy in this matter of so much moment to the interests of the people of Adams county? We have never doubted Mr. McConaughy's honesty and fairness to his constituents, but there is something wrong somewhere among our own party, and if the matter is not with Mr. McConaughy and his friends, let us know the facts. As true Republicans, we demand this.—Among the losers by the rebel invasions of the south of Gettysburg are many poor, but honest and hard-working farmers, who have lost nearly all they accumulated by many a hard day's labor, and who have looked for a little compensation by the Damages of our friends.

A REPUBLICAN.

[illegible] this Union township Republican may not "doubt" McConaughy's faithfulness to his constituents," the people up here (Republicans and Democrats) most certainly *do. more than doubt it.*—[*Editor Compiler.*

ING THE SPRINGS—THE VICHY BIRD.

[illegible] excitement has been produced [illegible] the recent visitors to the Springs [illegible] town by the vocal performances [illegible] ge bird which has made its appearance there. If articulates the popular [illegible] of the Springs as distinctly as [illegible] ts or any parts of the human [illegible] and the repetition of this name [illegible] nt notes constitutes its song. [illegible] nobody has seen this bird it [illegible] heard by many among the [illegible] f the trees around the Springs, [illegible] neighboring grove. I can certify [illegible] reality of the "Vichy" bird as [illegible] d, from its song, or at least to [illegible] like voice which pronounces [illegible] bestowed upon these Springs. [illegible] not been heard before the comment of the work to close them [illegible] e people, superstition annexes [illegible] momenon a protest against this [illegible] if I mistake not, I have heard [illegible] before, and, no doubt, some of [illegible] ologists will be able to classify [illegible] ered songster. Quite a run is [illegible] ing to the Springs to hear the [illegible] bird, which is uniformly greeted [illegible] ceased surprise or wonder when [illegible] makes its appearance or rather [illegible] it makes itself heard.

[illegible] AKING.—Large quantities of [illegible] d other varieties of grass will [illegible] maturity in June, in the Middle [illegible] lso on some warm soils in New [illegible]

We therefore urge the necessity *early cutting*—especially clover, until the blossoms turn brown, of little value. We know that [illegible] differ as to the proper time to [illegible] ss; some intelligent farmers [illegible] let their grass stand until going [illegible] ssom. This may do with Herd's [illegible] Timothy, but not clover. We [illegible] gly in favor of cutting all grass [illegible] ng satisfied that hay made then [illegible] ore nutritious and valuable.—*[illegible] Fireside.*

Caledonia Railroad.—The [illegible] ioners named in the act charter[illegible] e Caledonia Railroad Company, [illegible] Caledonia Iron Works, a few [illegible] go, and organized by electing [illegible] wing officers:—President, Levi [illegible] m, Cashier of Second National [illegible] of Mechanicsburg; Treasurer, [illegible] Ahl, Newville; Secretary, Gen. [illegible] isher, Columbia. The charter [illegible] e right for the construction of a [illegible] n New Cumberland, Cumberland [illegible] nty, through the upper end of [illegible] nty, to Caledonia Iron Works, [illegible] county. The York *Press* says [illegible] forts are being made for the com[illegible] of the road, with every prospect [illegible] success."

[illegible] SED TURNPIKE.—A move[illegible] on foot, we are glad to see, to [illegible] a turnpike from Mechanicstown [illegible] umberland county, *via* Dillsburg [illegible] rk county, to York Springs, [illegible] county. Subscription books [illegible] ed last week at the first named place [illegible] his road will go through a [illegible] lle region, and will be a great [illegible] the towns named.

[illegible] NG FOR THE POPE.—In the [illegible] Philadelphia, which embraces [illegible] third of the State, the collection [illegible] the Pope reached the sum of [illegible] of which $39,236.92 were [illegible] d by Churches in Philadelphia, [illegible] $21,138.71 by Country Churches.

[illegible] esirable Farm in Frederick [illegible] d., is offered at private sale. [illegible] tisement of Michael Holtf, in [illegible] A good bargain can be had.

[illegible] Phillip Redding, of Cumberland [illegible] ship, has our thanks for a [illegible] splendid heads of lettuce, hard [illegible] nd not to be beat.

[illegible] ER'S NEW GALLERY AT HANOVER [illegible] place to have your Pictures [illegible] one better, none cheaper.—[illegible] nded if not satisfactory.

The Fourth.—We learn that a Company of the 14th N. Y. State Militia, of Brooklyn, intend making an excursion to Gettysburg, the approaching 4th. They expect to reach here on the evening of July 3d, and leave on the 5th. They will number about 100.

This is said to be a very fine body of men, highly drilled and splendidly uniformed. Their visit will be certain to create a sensation.

Coming to a region not only historically interesting, but naturally beautiful and attractive as far as the eye can reach, and inhabited by a hospitable and whole-hearted people, we cannot but believe that our Brooklyn visitors will be pleased with their trip to Gettysburg.

Corpus Christi.—This important festival in the Catholic Church was celebrated at Conewago Chapel, on Thursday last, in a manner exceedingly grand and impressive. Four altars were erected as usual, all magnificently decorated, and services had at each, conducted by the Superior, Rev. Mr. Villiger, and assisted by Rev. Mr. Boll and others. The procession, with its many striking emblems and gorgeous adornings, was the result of the indefatigable efforts and fine taste of Rev. Mr. Denecker. The crowd in attendance was large, estimated at from four to six thousand. We regret that the crowded state of our columns prevents us from giving a full description of this truly grand celebration.

Arrest.—Sheriff Hann arrested, on Saturday night, near Greffenburg, Isaac Kane, charged with being concerned in the stealing of Capt. Witmor's and Mr. Lower's horses, some eighteen or twenty months ago. Kane has been placed in jail, to await trial. John Ulrich is now in the penitentiary, for participation in the same crime.

Western Md. Rail Road.—The Hagerstown *Mail* says that the Contractors have advertised for proposals for the graduation and masonry on fifteen miles of the Extension of the Western Maryland Railroad over South Mountain. This, we believe, embraces the distance from Mechanicstown on the East to Raven Rock on the West side of the Mountain. Work is now being prosecuted on every mile of the section from Union Bridge to Mechanicstown, and on six points from Raven Rock to Hagerstown.

Read the Advertisements.—The man who does not read the advertisements in his paper can never be said to be well informed. The advertisements indicate not only the business enterprise of a place, but the enterprise of the advertiser. When you see a man who advertises liberally, you may be certain of finding a good stock of goods in his store, that he keeps up with the market, and sells cheaper than those who do not advertise. If you want good bargains, always patronize those who avail themselves of the advantages afforded through the advertising columns of the newspapers.

Justly Punished.—A man named Snyder plead guilty, in the Lancaster county Court, last week, to committing a rape upon the person of an orphan child, thirteen years old, taken from the Children's Home of that city, and was sentenced to pay a fine of $100, costs, and undergo an imprisonment in the *Eastern Penitentiary for twelve years.*

A Wonderful Power.

These Pills vary from all others introduced. They differ from various cathartics in many points. In the first place, Radway's Regulating Pills are purely vegetable, free from all minerals, all poisonous ingredients. Secondly, they are so elegantly coated with gums to become tasteless, and leave no smell. And they never produce any of the disastrous ulterior consequences that too often follow the indiscreet use of those powerful mineral medicines. They are an excellent remedy for Dyspepsia, Asthma, Headache, Fevers in all forms, Pneumonia, in adjusting the Liver, Bowels, Kidneys, Bladder, and nothing so sure for Nervousness. They cure the Piles effectually, when taken according to directions. For all disorders of the Stomach, and the various glands of the system, there are no Pills so good. They have stood high in value in every climate: have been the means of saving tens on tens of thousands of lives during the past half century. They are always effectual and speedy. Never cramp nor purge heavily, but possess the wonderful power of curing Diseases.

Dr. SCHENCK'S MANDRAKE PILLS.
A SUBSTITUTE FOR CALOMEL.

These Pills are composed of various roots, having the power to relax the secretions of the liver as promptly and effectually as blue pill or mercury, and without producing any of those deleterious or dangerous effects which often follow the use of the latter.

In all bilious disorders these Pills may be used with confidence, as they promote the discharge of vitiated bile, and remove those obstructions from the liver and biliary ducts, which are the cause of bilious affections in general.

SCHENCK'S MANDRAKE PILLS cure Sick Headache, and all disorders of the Liver, indicated by sallow skin, coated tongue, costiveness, drowsiness, and a general feeling of weariness and lassitude, showing that the liver is in a torpid or obstructed condition.

In short, these Pills may be used with advantage in all cases where a purgative or alterative medicine is required.

Please ask for "Dr. Schenck's Mandrake Pills," and observe that the two likenesses of the Doctor are on the Government stamp—one when in the last stage of Consumption, and the other in his present health.

With nature or the laws of life,
With blood our hands we never stain,
Nor poison men to ease their pain;
But our Father, whom all goodness fills,

The simple herb beneath our feet,
Well used, relieves our pain complete.

The National

REAPERS AND MOWERS.

Hoffman's Patents.

The No. 1 Machine has two Driving Wheels, Hinge Joint and Folding Bar, making it very convenient to move from one place to another; is very simple in its construction, extremely light draft and durable, cuts 4 feet 10 inches in grass and 5 feet 2 inches in grain; is a Self-Raker and Side Delivery, and is capable of cutting a whole field without binding a sheaf, and does the most satisfactory work.

This Machine can also be used as a Hand Machine without injuring its qualities as a Reaper. The Machine is warranted to cut Grass as well as any Single Mower that cuts the same width. It is a strong two-horse Machine—three or four can be used, if required, in hilly ground.

GREAT IMPROVEMENTS have been made for the coming season.

The Machine is also perfectly balanced, no weight on the horses' necks in Mowing or Reaping.

Always remember that the Mowing trial last summer in Gettysburg, in competition with 6 other leading Machines, the above named Machine was awarded the First Premium. This way it you want the best Machine.

No. 2 is a light two-horse Machine, and is differently constructed, cutting on the right-hand side; and in front of Driving Wheels is a Self-Raker and Side Delivery. The difference in the width of cut is 6 inches.

The shifting lever and the raising and lowering levers are both at the driver's right side, and with his right foot upon a pedal and his left upon a foot-step, he has the power and control of the whole machine, he can raise or lower the platform from three to fourteen inches, can throw the machine out of gear, and regulate the rake so as to make the sheaves large or small, and all this at the same time and without retarding the motion or speed of the machine.

Keep it before the people that at a fair mowing trial 7 different leading Machines were present at Dillsburg, York county, last Summer, and the National Machine was awarded the first premium.

All Machines warranted to give satisfaction! For further information apply to

LEWIS BUSHMAN, Agent,
3 miles south of Gettysburg.

SHIREMAN'S

NATIONAL SELF-DISCHARGING STEEL SPRING TOOTH

Horse Rake!

Patented September 9th, 1862, and Re-issued December 6th, 1864.

This Rake is an Independent Steel Spring Tooth Rake, and has proven itself to be the most perfect HORSE RAKE now in use. With this Rake the Horse does all the work, both the Raking and Discharging, by the driver moving a lever a few inches, which throws it in gear, and as the horse moves forward it raises the teeth and discharges its load, and then shifts out of gear itself, the teeth dropping down ready to rake again. By this operation it is easily understood that the *Rake has hardly any work to do at all!*

Important improvements have been made of late, making it very simple and durable in its construction. Thousands of them have been sold in the few last years, and given the best kind of satisfaction.

Circulars giving a fuller description of these Machines can be had by applying to the Agent.

OHIO AND BUCKEYE PATENTS.

At the great trial of Reapers and Mowers at Auburn, N. Y., in July last, by the New York State Agricultural Society, this Machine was awarded the preference over all others in Class No. 5. This class was the most important of any, as it embraced Mowing and Hand and Self-raking Reaper in the same Machine.

Both first-class Machines, having sold a number of these Machines in the last three years. They have given general satisfaction wherever used. We ask Farmers to call and examine these machines before purchasing elsewhere, as they will be able to make a better selection. We could produce quite a number of certificates from some of the best farmers in the county, but deem it unnecessary, as we warrant these machines to give satisfaction with a fair trial, or no sale. Insured for one season.

Extras always kept on hand. We have made arrangements to have repairing done when needed at any time and on moderate terms.

With the above we have for sale a number of valuable Farming Implements.

At the great trial of Reapers and Mowers at Auburn, N. Y., in July last, by the New York State Agricultural Society, this Machine was awarded the preference over all others in Class No. 5. This class was the most important of any, as it embraced Mowing and Hand and Self-raking Reaper in the same Machine.

THE

HOWE SEWING MACHINES.

FOR FAMILIES AND MANUFACTURERS.

THE HOWE LOCK STITCH

THESE WORLD-RENOWNED SEWING MACHINES

Are celebrated for doing the best work, being a much smaller needle for the same thread than any other machine, and by the introduction of the most approved machinery, we are now able to supply the very best machine in the world. These machines are made under the immediate supervision of the President of the Company, ELIAS HOWE, Jr., the original inventor of the Sewing Machine. They are adapted to all kinds of family Sewing, and to the use of manufacturers, Dress-Makers, Tailors, Manufacturers of Shirts, Collars Skirts, Cloaks, Mantillas, Clothing, Hats, Caps, Corsets, Boots, Shoes, Harness, Saddles, Linen Goods, etc. They work equally well upon silk, linen, woollen and cotton goods, with silk, cotton or linen thread. They will seam, quilt, gather, hem, fell, cord, bind, braid, and perform every species of sewing, making a beautiful and perfect stitch, alike on both sides of the articles sewed. On Shoe and Leather work it is admitted to have no equal.

THE QUALITIES WHICH RECOMMEND THEM ARE:

1. Beauty and Excellence of Stitch, alike on both sides of the fabric sewed.
2. Strength, Firmness and Durability of Seam that will not Rip or Ravel
3. Economy of Thread.
4. Attachments and wide range of application to purposes and materials.

The stitch invented by Mr. HOWE, and made on this Machine, is the most popular and durable, *and all Sewing Machines are subject to the principle invented by him.*

Peruvian Guano Substitute!

BAUGH'S
RAW BONE
SUPER-PHOSPHATE OF LIME.

TRADE MARK

BAUGH & SONS,
Sole Proprietors and Manufacturers,
Delaware River Chemical Works,
PHILADELPHIA, U. S. A.

For WHEAT, RYE, BARLEY, CORN, OATS, POTATOES, TOBACCO, BUCKWHEAT, SORGHUM, TURNIPS, HOPS, GARDEN VEGETABLES, and every Crop and Plant.

Especially recommended to growers of STRAWBERRIES, RASPBERRIES, BLACKBERRIES, and all SMALL FRUITS.

More than 13 years of regular use upon all descriptions of Crops grown in the Middle and Southern States, has given a high degree of popularity to this MANURE, which places its application now entirely beyond a mere experiment.

BAUGH'S RAW BONE SUPER-PHOSPHATE OF LIME is eminently a success as a Substitute for Peruvian Guano and Stable Manure—and is offered to the Agriculturists of the Northern and Eastern States as a fertilizer that will cheaply restore to the Soil, those essentials which have been drained from it by constant cropping and high manuring.

IT is very prompt in its action—is lasting in effect to a degree unattained by any commercial manure in the market, and is afforded at a much less cost than *bought* Stable Manure, or Peruvian Guano. The Labor involved in its use is far less than that of applying stable manure, while there is no risk from the introduction of noxious weeds.

☞ Farmers are recommended to purchase of the dealer located in their neighborhood. In sections where no dealer is yet established, the Phosphate may be procured directly from the undersigned. A Priced Circular will be sent to all who apply.

Our NEW PAMPHLET, "*How to Maintain the Fertility of American Farms*,"—90 pages, giving full information in regard to the use of manure, &c., will be furnished gratis on application.

Sewing Machines.

THE GROVER & BAKER, —THE BEST IN USE. These Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acknowledged to be the BEST in use by all who have tried them. The "Grover & Baker Stitch" and the "Shuttle Stitch" are points that have been attained by no other Machine. They are the only machines that sew and embroider with perfection. These Machines are peculiarly adapted to Family use. They are almost noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They save labor, they save time, and they save money*, and do their work better than it can be done by hand.

FOUTZ'S

CELEBRATED

Horse and Cattle Powders.

This preparation, long and favorably known, will thoroughly reinvigorate broken-down and low-spirited horses, by strengthening and cleansing the stomach and intestines

It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER, HEAVES, COUGHS, DISTEMPER, FEVERS, FOUNDER LOSS OF APPETITE AND VITAL ENERGY, &c. Its use improves the wind, increases the appetite, gives a smooth and glossy skin—and transforms the miserable skeleton into a fine-looking and spirited horse.

To keepers of Cows this preparation is invaluable. It increases the quantity and improves the quality of the milk. It has been proven by actual experiment to increase the quantity of milk and cream twenty per cent and make the butter firm and sweet. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

In all diseases of Swine, such as Coughs, Ulcers in the Lungs, Liver, &c., this article acts as a specific. By putting from one-half a paper to a paper in a barrel of swill the above diseases will be eradicated or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera

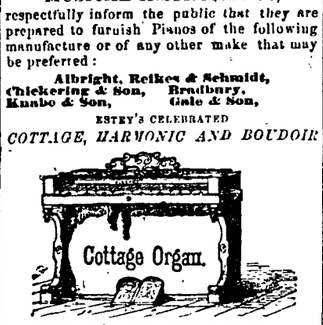
COTTAGE, HARMONIC AND BOUDOIR



ORGANS AND MELODEONS.

These Instruments stand unrivalled by any thing found in this Country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed Tone, pronounce them vastly superior to all others for exceedingly quick articulation and sound Tone, *the essential feature in instruments of this class.* We invite the severe scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all leading artists) will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a lifetime of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-Bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.
